

## Material Safety Data Sheet – Alpha White

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric and cocamide derived cleansing agents and fragrances.
- **Trade Name:** Groomer's Edge – Alpha White

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable hazardous polymerization: Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet – Aromatic

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of Lauric derived cleansing agents, thickeners, aromatic oils, fragrances and preservatives.
- **Trade Name:** Groomer's Edge - Aromatic

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.

- **Eye Contact:** Slight irritant. Flush with water. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous  
**Polymerization:** Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet - Desert Almond

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric derived cleansing agents, thickeners, fragrances and preservatives.
- **Trade Name:** Groomer's Edge – Desert Almond

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% of concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet - Dynamic Duo

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric derived cleansing agents, thickeners, fragrances and preservatives.
- **Trade Name:** Groomer's Edge – Dynamic Duo

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flashpoint:** Noncombustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting
- **Eye Contact:** Slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 7) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

## Material Safety Data Sheet – Emerald Black

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric and cocamide derived cleansing agents and fragrances.
- **Trade Name:** Groomer's Edge – Emerald Black

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flashpoint:** Noncombustible
- Non-Flammable

### Section 5) Health Hazard Data

- listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting
- **Eye Contact:** Slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an exorbitant such as clay, sand or other suitable material.

## Material Safety Data Sheet – Euca-Leuca-Lime

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric derived cleansing agents, oils de-limonene and preservatives.
- **Trade Name:** Groomer's Edge – Euca-Leuca-Lime Shampoo

### Section 2) Ingredients & Hazards

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>▪ <b>Pigments:</b> N/A</li> <li>▪ <b>Catalyst:</b> None</li> <li>▪ <b>Vehicle:</b> Water</li> </ul> | <ul style="list-style-type: none"> <li>▪ <b>Solvents:</b> None</li> <li>▪ <b>Hazardous Mixture of other Solids and Liquids:</b> None</li> </ul> |
|--|---|

### Section 3) Physical Data

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>▪ <b>Solubility in Water:</b> 100%</li> <li>▪ <b>Boiling Point:</b> N/A</li> </ul> | <ul style="list-style-type: none"> <li>▪ <b>Physical State:</b> Liquid</li> </ul> |
|---|---|

### Section 4) Fire & Explosive Data

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>▪ <b>Flash Point:</b> Non-Combustible</li> </ul> | <ul style="list-style-type: none"> <li>▪ Non-Flammable</li> </ul> |
|---|---|

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of an emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% of concentration
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet - Furst Aid

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric derived cleansing agents, thickeners, coal tar, salicylic acid, sulfur, fragrances and preservatives.
- **Trade Name:** Groomer's Edge – Furst Aid

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable
- Soak up residue with an absorbent such as clay, sand or other suitable material.

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- Coal tar topical solution U.S.P. at 100% concentrations (CAS#8007-45-2) may be irritating to eyes and skin. Ingestion and inhalation problems may arise as well. Salicylic acid may cause inhalation problems at 100% concentration. Data on these components at present concentrations in this product is inconclusive. Preliminary results on eyes and skin contact show no ill effects.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Slight irritant. Flush with water. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

## Material Safety Data Sheet – Grimeinator

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric and cocamide derived cleansing agents and fragrances.
- **Trade Name:** Groomer's Edge – Grimeinator

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flashpoint:** Noncombustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Slight irritation. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an exorbitant such as clay, sand or other suitable material.

## Material Safety Data Sheet – Hypo +

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A Proprietary Blend of lauric and cocamidederived cleansing Agents.
- **Trade Name:** Groomer's Edge – Hypo +

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of an emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% of concentration
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Very slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet – Keri-Cot

### Section 1) Material Identification

- **Material Name:** Hair Conditioner
- **Chemical Name:** A proprietary blend of quaternium compounds, waxes, surfactants and emulsifiers.
- **Trade Name:** Groomer's Edge – Keri-Cot Conditioner

### Section 2) Ingredients & Hazards

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>▪ <b>Pigments:</b> N/A</li> <li>▪ <b>Catalyst:</b> None</li> <li>▪ <b>Vehicle:</b> Water</li> </ul> | <ul style="list-style-type: none"> <li>▪ <b>Solvents:</b> None</li> <li>▪ <b>Hazardous Mixture of other Solids and Liquids:</b> None</li> </ul> |
|--|---|

### Section 3) Physical Data

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>▪ <b>Solubility in Water:</b> 100%</li> </ul> | <ul style="list-style-type: none"> <li>▪ <b>Boiling Point:</b> N/A</li> </ul> |
|--|---|

### Section 4) Fire & Explosive Data

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>▪ <b>Flash Point:</b> Non-Combustible</li> </ul> | <ul style="list-style-type: none"> <li>▪ Non-Flammable</li> </ul> |
|---|---|

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Mild irritant. If contact occurs flush with water.

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet – Midnight White

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric derived cleansing agents, thickeners, pearlizing agents, fragrances and preservatives.
- **Trade Name:** Groomer's Edge Midnight White Shampoo

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of an emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% of concentration.
- **Threshold Limit Value:** None
- **Effects Of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet – Moisture Magic

### Section 1) Material Identification

- **Material Name:** Conditioner
- **Chemical Name:** A proprietary blend of quaternium compounds, waxes, surfactants and emulsifiers.
- **Trade Name:** Groomer's Edge – Moisture Magic

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Additives:** None
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting. Consult physician
- **Eye Contact:** Mild irritant. If contact occurs flush with water.

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet – Oat Mella

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric derived cleansing agents, thickeners, tea tree oil, oatmeal fragrances and preservatives.
- **Trade Name:** Groomer's Edge – Oat-Mella

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Additives:** None
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.  
Tea tree oil can be an eye irritant and cause digestive problems at 100% concentration. Effects are unknown at present concentration, however it is recommended to follow first aid procedures below.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, drink copious amounts of water. May be advantageous to take activated charcoal to absorb within stomach.
- **Eye Contact:** Slight irritant. Flush with water. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet - Pearlight

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of surfactants, proteins, fragrance oils and thickeners.
- **Trade Name:** Groomer's Edge – Pearlight

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Additives:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of an emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% of concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet – Refurbish

### Section 1) Material Identification

- **Material Name:** Conditioner
- **Chemical Name:** A proprietary blend of quaternium compounds, waxes, surfactants and emulsifiers.
- **Appearance:** Thick yellow liquid with pleasant fragrance
- **Trade Name:** Groomer's Edge – Refurbish De-tangler and Conditioner

### Section 2) Ingredients & Hazards

- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** 220 Degrees

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- **Oral Ingestion:** If Swallowed, Consult Physician
- **Skin:** Not toxic to skin. May cause irritation or inflammation if exposed for long periods of time.
- **Eye:** Mild irritant.

#### Emergency First Aid

- **Eye Contact:** Immediately flush eyes with water for 15 minutes. If irritation should continue, consult physician.
- **Skin Contact:** Wash affected area with water.
- **Ingestion:** If swallowed, consult physician.

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7i) Special Protection Information

- None

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

## Material Safety Data Sheet – The Solution for Detangling and Conditioning

### Section 1) Material Identification

- **Material Name:** Detangler and Conditioner
- **Chemical Name:** A proprietary blend of quaternium compounds, waxes, surfactants and emulsifiers.
- **Trade Name:** Groomer's Edge – The Solution for Detangling and Conditioning

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Physical State:** Liquid
- **Boiling Point:** N/A

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non Flammable

### Section 5) Health Hazard Data

- No known hazards found in components present over 1% of concentration.
- **Threshold Limit Value:** None
- **Effects Of Overdose:** None
- **Ingestion:** In the event of accidental ingestion, consult a physician.
- **Eye Contact:** Wash affected eye or eyes under slow running water for 15 minutes or longer making sure the eyelids are held apart. If irritation persists, obtain medical advice.
- **Skin Contact:** None Found

### Section 6) Reactivity Data

- **Stability:** Stable
- **Hazardous Polymerization:** Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

### Section 8) Exposure Control Measures

- **Eye Protection:** None Required.
- **Protective Gloves:** None Required.
- **Respiratory Protection:** None Required.
- This material is in compliance with the toxic substances control act.

## Material Safety Data Sheet – Tangles Away Detangler

### Section 1) Material Identification

**Material Name:** Detangler

**Chemical Name:** A proprietary blend of quaternium compounds, waxes, surfactants and emulsifiers.

**Toxicity Data:** Ld50 Lc50

**Trade Name:** Groomer's Edge – Tangles Away

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Physical State:** Liquid
- **Boiling Point:** N/A

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non Flammable

### Section 5) Health Hazard Data

- No known hazards found in components present over 1% of concentration.
- **Threshold Limit Value:** None
- **Effects of Overdose:** None
- **Ingestion:** In the event of accidental ingestion, consult a physician.
- **Eye Contact:** Wash affected eye or eyes under slow running water for 15 minutes or longer making sure the eyelids are held apart. If irritation persists, obtain medical advice.
- **Skin Contact:** None Found

### Section 6) Reactivity Data

- **Stability:** Stable
- **Hazardous Polymerization:** Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

### Section 8) Exposure Control Measures

- **Eye Protection:** None Required
- **Protective Gloves:** None Required
- **Respiratory Protection:** None Required
- This material is in compliance with the toxic substances control act.

## Material Safety Data Sheet – Ultimate

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric and cocamide, derived cleansing agents and fragrances.
- **Trade Name:** Groomer's Edge – Ultimate

### Section 2) Ingredients & Hazards

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>▪ <b>Pigments:</b> N/A</li> <li>▪ <b>Catalyst:</b> None</li> <li>▪ <b>Vehicle:</b> Water</li> </ul> | <ul style="list-style-type: none"> <li>▪ <b>Solvents:</b> None</li> <li>▪ <b>Hazardous Mixture Of Other Solids and Liquids:</b> None</li> </ul> |
|--|---|

### Section 3i) Physical Data

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>▪ <b>Solubility and Water:</b> 100%</li> <li>▪ <b>Boiling Point:</b> N/A</li> </ul> | <ul style="list-style-type: none"> <li>▪ <b>Physical State:</b> Liquid</li> </ul> |
|--|---|

### Section 4) Fire & Explosive Data

- **Flashpoint:** Noncombustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects Of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting
- **Eye Contact:** Slight your attempt if irritation persists, obtain medical advice.
- **Skin Contact:** None Found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7i) Environmental Disposal & Protection

- Soak up residue with an exorbitant such as clay, sand or other suitable material.

## Material Safety Data Sheet – Unleashed Cologne

### Section 1) Material Identification

- **Material Name:** Cologne
- **Chemical Name:** A Proprietary blend - specially denatured alcohol, surfactants, and fragrances.
- **Trade Name:** Groomer's Edge – Unleashed Cologne

### Section 2) Summary of Hazards

- **Physical Hazards:** Slightly flammable liquid
- **Acute Health Effects:** Slight eye irritant, slight ingestion hazard, no skin absorption hazard. (Short Term)
- **Chronic Health Effects:** Chronic overexposure to product can be slightly irritating to mucosal membranes.

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Volatility:** Slight
- **Conditions To Avoid:** High Temperatures, strong oxidating conditions.

### Section 4) Fire & Explosive Data

- **Flash Point:** 135 Degrees Fahrenheit
- **Flammable Limits:** Lower AP 2 (Closed Cup) Upper AP 12
- **Fire and Explosion Hazards:** Do not store above 120 Degrees Fahrenheit
- **Extinguishing Media:** Dry chemical C02, water spray, foam for alcohols.
- **Special Fire Fighting Procedures:** Do not enter area without proper protection. Fight fire from safe distance/protected location.

### Section 5) Health Hazard Data

- **Inhalation:** Prolonged overexposure may cause slight dizziness.
- **Ingestion:** For accidental ingestion, drink copious amounts of water.
- **Eye Contact:** May cause slight irritation - if contact occurs flush with water.
- **Skin Irritation and Absorption:** None detected.

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Special Protection Information:

- **Respiratory:** If exposure exceeds the PEL / TLV, use NIOSH / MSHA respiratory protection equipment as specified in the NIOSH / MSHA 1991 occupational health guidelines for chemical hazards.
- **Eye:** Eye protection is recommended if possibility exists for eye contact.
- **Skin:** None
- No special ventilation needed.

### Section 8) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material. Try to minimize spillage.

## Material Safety Data Sheet – White Knight

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric and cocamide derived cleansing agents and fragrances.
- **Trade Name:** Horse Sense – Alpha White

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable hazardous polymerization: Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an exorbitant such as clay, sand or other suitable material.

## Material Safety Data Sheet – Emerald Black

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric and cocomide derived cleansing agents and fragrances.
- **Trade Name:** Horse Sense – Emerald Black

### Section 2) Ingredients & Hazards

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>▪ <b>Pigments:</b> N/A</li> <li>▪ <b>Catalyst:</b> None</li> <li>▪ <b>Vehicle:</b> Water</li> </ul> | <ul style="list-style-type: none"> <li>▪ <b>Solvents:</b> None</li> <li>▪ <b>Hazardous Mixture of other Solids and Liquids:</b> None</li> </ul> |
|--|---|

### Section 3) Physical Data

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>▪ <b>Solubility in Water:</b> 100%</li> <li>▪ <b>Boiling Point:</b> N/A</li> </ul> | <ul style="list-style-type: none"> <li>▪ <b>Physical State:</b> Liquid</li> </ul> |
|---|---|

### Section 4) Fire & Explosive Data

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>▪ <b>Flashpoint:</b> Noncombustible</li> </ul> | <ul style="list-style-type: none"> <li>▪ Non-Flammable</li> </ul> |
|---|---|

### Section 5) Health Hazard Data

- listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting
- **Eye Contact:** Slight irritant. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an exorbitant such as clay, sand or other suitable material.

## Material Safety Data Sheet – The Solution for Detangling and Conditioning

### Section 1) Material Identification

- **Material Name:** Detangler and Conditioner
- **Chemical Name:** A proprietary blend of quaternium compounds, waxes, surfactants and emulsifiers.
- **Trade Name:** Horse Sense – The Solution for Detangling and Conditioning

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Physical State:** Liquid
- **Boiling Point:** N/A

### Section 4) Fire & Explosive Data

- **Flash Point:** Non-Combustible
- Non Flammable

### Section 5) Health Hazard Data

- No known hazards found in components present over 1% of concentration.
- **Threshold Limit Value:** None
- **Effects Of Overdose:** None
- **Ingestion:** In the event of accidental ingestion, consult a physician.
- **Eye Contact:** Wash affected eye or eyes under slow running water for 15 minutes or longer making sure the eyelids are held apart. If irritation persists, obtain medical advice.
- **Skin Contact:** None Found

### Section 6) Reactivity Data

- **Stability:** Stable
- **Hazardous Polymerization:** Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an absorbent such as clay, sand or other suitable material.

### Section 8) Exposure Control Measures

- **Eye Protection:** None Required.
- **Protective Gloves:** None Required.
- **Respiratory Protection:** None Required.
- This material is in compliance with the toxic substances control act.

## Material Safety Data Sheet – Ultimate

### Section 1) Material Identification

- **Material Name:** Shampoo
- **Chemical Name:** A proprietary blend of lauric and cocamide derived cleansing agents and fragrances.
- **Trade Name:** Horse Sense– Ultimate

### Section 2) Ingredients & Hazards

- **Pigments:** N/A
- **Catalyst:** None
- **Vehicle:** Water
- **Solvents:** None
- **Hazardous Mixture of other Solids and Liquids:** None

### Section 3) Physical Data

- **Solubility in Water:** 100%
- **Boiling Point:** N/A
- **Physical State:** Liquid

### Section 4) Fire & Explosive Data

- **Flashpoint:** Noncombustible
- Non-Flammable

### Section 5) Health Hazard Data

- Listed below are the health hazards of all materials present over 1% concentration and that undiluted, have health hazards associated with them. Please note that not all components have health hazards associated with them. In the event of a medical emergency, the identity of all components will be divulged to a qualified health professional.
- None found in components present over 1% concentration.
- **Threshold Limit Value:** None
- **Effects of Overexposure:** None
- **Ingestion:** In the event of accidental ingestion, induce vomiting.
- **Eye Contact:** Slight irritation. If irritation persists, obtain medical advice.
- **Skin Contact:** None found

### Section 6) Reactivity Data

- **Stability:** Stable Hazardous Polymerization: Will Not Occur

### Section 7) Environmental Disposal & Protection

- Soak up residue with an exorbitant such as clay, sand or other suitable material.
